MMmmmm.... It's all Scrumptious

and Healthy, too!!

Chemical Free SKINCARE Non-Toxic

Ever notice all the choices in the Pharmacy, Health & Beauty Aid departments begging to be tried and applied.

Something that has become increasingly important to our whole family is what we put on our skin and the “fuel” we put into our bodies.

Skin plays a key role in our well-being because it serves as a protective barrier and can absorb up to 80% of what we put on it. Therefore, you want to make it priority to select **All Natural, Non-Toxic, and Botanical Based** whenever possible.

The chemicals, artificial colors, and fillers used in skin care products & make-up can cause chemical burns along with a variety of skin irritations. Many people are allergic to chemicals commonly found in conventionally produced products. I, Kathie, have used many of the finer products on the market but the results have all been the same; chemical burns that take 2 weeks to heal; at the very least, I am left with dry patches on my face. I have not experienced any such problems with my girls’ skin care products due to the obvious... Excellent ingredients and NO CHEMICALS...just can’t beat that! *Bless the Lord!!*

Natural Skin Care Products work with your skin instead of against it. What a blessing to have both our daughter, **Bethany Joy**, of **“Bee Joyful”** and our daughter-in-law/love, **Joy**, of **“Indescribablejoy”** making and creating ALL NATURAL, CHEMICAL FREE Skin Care for all ages.

We invite you to shop our boutique displays *with a basket on your arm*. You may consider those you are shopping for and what may be the perfect selection for them...

...from **HONEYCOMB & HONEYSTICKS** to Numerous Styles of **BEESWAX CANDLES**; **Specialty SOAPS & CREAMS** to **LIP BALMS, BODY BALMS & BEARD BALMS....**

GREAT GIFT GIVING IDEAS... Look no further. 😊

Check out **“Bee Joyful” & “Indescribablejoy”** list of products **Front & Center of the homepage.**

Just click the link> **‘HONEY, BEESWAX CANDLES, SKINCARE & more...’**

You are invited and always welcome to shop and browse our **display rooms & boutique** at the Main Farm @ 3415 East Cohoctah Road, Linden

See website ‘CALENDAR’ for Seasonal Hours –OCT/NOV M / W / F (8am-6pm)

SPRING HOURS include SATURDAYS - April & May Only (8am-12 Noon)

BEEKEEPING 101

FREE WINTER WORKSHOPS

@ the Main Farm

January-March every year

Interested in having someone help you put some of your *puzzle pieces* together so you know what you can expect if/when you start keeping bees?

Wondering... What equipment/tools you really need to keep bees? **When & how** do you order bees? You need only attend one workshop.

There is **no cost** to these 2-hour workshops and absolutely worth carving out your time for this event.

Step #1> Go to our website calendar for the dates and details at the end of each month; Wednesday (6-8pm), Thursday (6-8pm) & Friday, (10am-12pm)

Step #2> Contact us with the date that works best for you.

Step #3> Get your bees on order ASAP if you plan on keeping bees this spring.

Step #4> Go to our website calendar JUN/AUG classes/field trips on our website Calendar to Register.

Date: February 14, 2024

You fill in the blanks or we will do the artistic *embellishment and flourish* as you prefer, making this **the perfect certificate to gift.**

NEW BEES 2024

There are many **“up & coming beekeepers”** catching the bug to keep bees; ready to try something new or think a bit more “outside the box”.

We take great pleasure in helping people become successful; sometimes this means helping them learn from their mistakes.

One saying that comes to mind is, **“If at first you don’t succeed, try, try again.”** The better part of this learning curve is accepting the nature of the honeybee as it always has been, then conforming to her. Beekeeping is fascinating and if you like to learn or **enjoy a good game of strategy**, beekeeping will very likely captivate you!

Please register for our winter/spring workshops JAN-MAR and/or classes in JUN/AUG. These are extremely helpful if you want to learn.

INTERESTED IN FIELD TRIPS??

(5-Star we are told) *****

We have these available as well. Time & cost customized per interest level & schedule.

Email us: info@turtlebeefarms.com

We take great pleasure when those who have come to us with possible fear & trepidation from the bees and then leave with a **“smile on their face and a bounce in their step,”** armed with knowledge and empowered for having conquered their fear of honeybees.

We can help! (810) 266-4880 ☺

.....Give us a call or email.

Please keep checking back as we continue to update. ☺ REV 02/12/2024

HONEY BEES & QUEENS

Thanks to all of you who returned clean & empty swarm cages. We will continue to accept any and all help in RECYCLING undamaged cages. If you have any swarm cages, in good condition from previous years, please drop them at the Main Farm location.

3 lb PACKAGE BEES

Turtlebee is again offering the best of Southern & West Coast package bees available as well as our own.

April – June while supplies last. Do not procrastinate. Get your orders in ahead to guarantee your bees.

QUEENS

The queen is identifiable by her longer abdomen which extends beyond the length of her wings. She can produce up to 2,000 eggs each day.

Queens will continue to be available throughout the summer for pick up or shipping USPS or UPS.
